

The Vintage Camper Trailers COOKBOOK

**If you like to cook,
and have a
vintage trailer,
you may want to
be included in our
next book!**

CHAPTERS

- **BBQ-Cooking with Fire.**
- **One Dish Delights-Crock Pot Recipes.**
- **Cast Iron Cooking-Camp cooking old school style.**
- **Vintage Appetizers-Fun recipes inspired by mid-century memories.**
- **Make it Ahead-Dishes that travel well for camping.**
- **Desserts-More than a Smore**
- **Catch, can and preserve-Recipes for the real campers who hunt, fish or pick their food and prepare it themselves in their campers.**

We would also like to integrate pot luck, kids, and vintage vendor recipes.

We need to get your recipe and high resolution photos of you, your trailer, you cooking in your trailer, your dish and maybe even you and friends enjoying the meal. We also need a little information on your "vintage journey" and photo releases for the people in the photos and the photographer. Get the idea? If not, check out our first two books or call me at 916-572-8554. Photo quality is important. We can help you with photos, just ask. The sooner you have your package to us, and the better the quality of your photos, the more likely you will be in this book.
